☒ No there are No main idea

☒ Yes Author loves pizza

Author's main idea:

You see, I love pizza and I could eat it for every meal - even for snacks.

I love to use my imagination

My favourite

Hodges

time is the
winning

I like the
action of the
game

I love
to play it

I love to
watch it on tv

I love the amazing
saves by the goalies

When I use my ~~my~~ imagination I
remember all the reasons I love hockey,

Dear Doctor

THYRBJORN

Put your last name here!

I am doing a project on helpful substances for school. Can you please answer a few questions for me?

1. What makes a medicine helpful, and can you give me an example of a helpful substance?
2. When should I take medication?
3. What is the difference between a prescription medication and an over-the-counter medication?

Turnes. Some medicinal drugs can cure diseases by killing the bacteria viruses that causes them.

We use antiviral drugs to cure diseases caused by viruses. cold and influenza are caused by viruses.

you should take medication when the Doctor says to take medication.

A prescription comes from the doctor and over the counter medication is where a parent buys from the store.

Thanks for reading my letter Doctor.

From,

VonWolfgang

Suzie
